

HEDIS® Operations Management

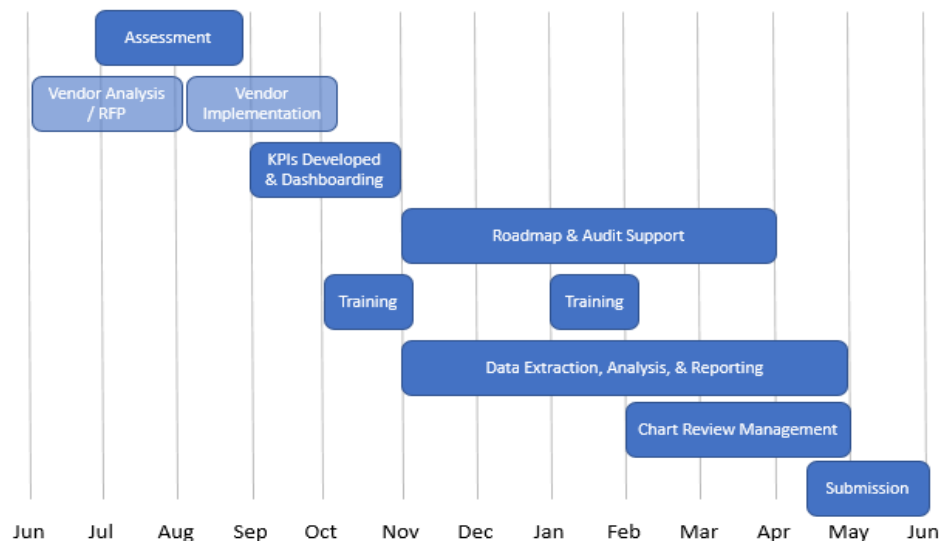

Experienced solution to raise rates, reduce stress, and ensure success

Health Data Decisions (HDD) staff have an average of 10 years HEDIS® experience across over 10 HEDIS® Certified and Abstraction vendors and have led HEDIS® and Quality Management operations at health plans prior to joining HDD. Our experience uniquely positions us to manage your HEDIS® season, from the Certified and Abstraction vendor RFP/ (re)-implementation process to pre-season interventions and analytics to MRR and NCQA submission. The HDD team can fully manage the requirements of your HEDIS® season or work aside key internal team members in an advisory and operational role.

The HDD team provides the following operation management services:

- *Certified Vendor and Abstraction Vendor RFPs*
- *Roadmap and Audit Support*
- *Vendor software implementation*
- *Vendor management*
- *Training of chart review staff*
- *Data extraction, analysis, & reporting*
- *KPI Dashboarding*
- *Pre-season assessment*
- *Quality Interventions/Gap Closures*

Typical HDD Operations Management Timeline

About Health Data Decisions

Health Data Decisions is a Massachusetts-based health analytics firm founded in 2008. We offer strategic data solutions for health plans and vendors, bringing broad expertise in data management and analytics, medical economics, risk adjustment, HEDIS®, CMS 5-Star, regulatory reporting, and systems strategy. Email us at info@healthdatadecisions.com or call (781) 718 – 2118 to schedule a consultation.
